**REE SEEDLINGS SUPPLY  
TENDER ANNOUNCEMENT**

Lay Volunteers International Association - LVIA (international NGO), is an Italian association dedicated to international solidarity and cooperation, committed to promoting ways of local and global change to overcome extreme poverty, to strengthen equitable and sustainable development and to promote dialogue between Italian and African communities.

LVIA is currently implementing the "Improve the environment, use improved cookstoves" project in Kongwa District, Dodoma Region, as part of the "Green Tanzania Cookstoves" programme. The project covers 27 villages in Kongwa District and aims to reduce reliance on traditional cooking methods and promote environmental conservation through tree planting and distribution of improved cookstoves to 26,000 families living in rural areas, thereby contributing to several Sustainable Development Goals (SDGs) such as poverty reduction, health improvement, gender equality, sustainable economic growth and ecosystem protection.

LVIA Tanzania intends to award a supply contract for the purchase of tree seedlings in Dodoma and Kongwa Districts.

Respondents are invited to tender for 26,000 fruit tree seedlings and 25,000 leaf tree seedlings to be supplied at a rate of approximately 5,000 seedlings per month from March 2025.

**The tender documents are available at the LVIA office in Dodoma:**
